Education

- Infectious Disease Specialist. Tehran University of Medical Sciences
- MPH. Faculty of Health, Tehran University of Medical Sciences

Associations/Membership

- Editorial Board of Iranian Journal of Infectious Diseases and Tropical Medicine
- Editorial Board of Gastroenterology and Hepatology research
- Regional Editor of Asian Journal of Medical Sciences
- Editorial Board of Hepatitis Monthly
- Member of the Board of Iranian Society for Support of Patients with Infectious Diseases and Tropical Medicine
- Member of the Board of Infectious Diseases Society
- Member of the Board of Pediatric Infectious Disease Research Center of Tehran University of Medical Sciences

- Permanent Member of Infectious Disease and Tropical Medicine Research Center of Shaheed Beheshti Medical Sciences University
- Member of International AIDS Society (IAS)
- Member of International Society for Infectious Diseases (ISID)
- Member of European Society of Clinical Microbiology and Infectious Diseases (ESCMID)
- Member of Nosocomial Infection, Vaccination, HIV, Hepatitis, Tuberculosis, IT Committee of Infectious Research Center of Shaheed Beheshti University
- Member of Scientific Executive Committee of Iranian Infectious Diseases Conferences (9th-21st)
- Member of Scientific Executive Committee of The first annual AIDS research congress of Iran. 2007
- Scientific Executive Committee of National Iranian Congress of Brucellosis 5-6 July 2005
- Scientific Executive Committee of Hepatitis B Seminar Held in Shaheed Beheshti University
- Scientific Executive Committee of Immunology Seminar held in Sari 2004
- Member of Scientific Committee of 11th annual congress of pathology and 5th annual congress of Iranian cancer association
- Member of Scientific Committee of the 3rd and 4th Annual Iranian Congress on HIV/AIDS.
- Member of Scientific Committee of National Congress on Brucellosis(2011)
- Member of Scientific Committee of 1st international and 5th National HIV/AIDS Congress (2012)

Journal referee for:

- International journal of infectious disease
- Iranian journal of infectious disease and tropical medicine
- Iranian journal of Clinical infectious diseases
- Iranian journal of pathology
- International journal of clinical practice
- Hepatitis monthly journal
- Iranian journal of clinical infectious diseases
- International Journal of STD & AIDS
- Indian Journal of Medical Sciences
- Journal of Clinical Virology
- Annals of Clinical Microbiology and Antimicrobials
- African Journal of Microbiology Research

Projects:

- Comparing efficacy of two strategies of HBV vaccination in HIV infected patients (2012-2015)
- Frequency of human papillomavirus infection in colon tissues of patients with colon adenocarcinoma and adenomatous polyps referring to Shaheed Beheshti University hospitals (2012)
- Frequency of occult Hepatitis B infection and S gene mutations in dialysis patients (2012)
- Seroepidemiology of IgG antibodies against Diphtheria and Tetanus in blood donors of Arak city(2012)

- Comparing efficacy of two strategies of HBV vaccination in HIV infected patients (2011)
- Serum profile of T helper 1 and 2 cytokines in patients with chronic hepatitis C virus infection(2011)
- Association of interleukin-10 gene promoter polymorphisms with outcome of hepatitis B virus infection (2011)
- TH1/TH2 cytokine levels as an indicator for disease progression in human immunodeficiency virus type 1 infected patients(2011)
- Prevalence and genotype determination of HTLV 1 & 2 in HIV positive patients (2010-2011)
- Frequency and genotype of hepatitis D virus in high risk groups for hepatitis B virus acquisition (2010)
- Seroepidemiology of IgG antibody against Bordetella pertussis in 6-20 years age group habitant of Tehran (2009-2010)
- Occult hepatitis B virus infection and mutations in the S gene region in vaccinated children (2009-2010)
- Association of polymorphism of HLA-DRB1*13 and HLA-A*33 alleles with outcome of hepatitis B virus infection (2008-2010)
- Frequency of human papillomavirus infection in patients with breast carcinoma and benign breast samples referring to Shohada , Loghman and Imam Khomeini hospitals (2009-2010)
- Seroepidemiology of IgG antibody against Bordetella pertussis in 6-20 years age group habitant of Tehran (2009-2010)
- Seroepidemiology of antibody against Hepatitis A virus (anti-HAV) in 8 months to 20 years age group habitant of Tehran (2009)

- Frequency of occult Hepatitis B virus infection in blood donors with isolated anti-HBc in Arak city (2009)
- Assessment of antibody levels to Hepatitis B virus surface antigen in routinely vaccinated children via vaccination program of Iran (2009)
- Frequency of human papillomavirus infection in prostate tissues of patients with prostate carcinoma and benign prostatic hyperplasia referring to Shaheed Beheshti University hospitals (2008-2010)
- Prevalence and genotype of hepatitis G virus in Human Immunodeficiency Virus (HIV) infected patients(2007-2008)
- Hepatitis B virus genotyping in hepatocellular carcinoma in Iranian patients (2006-2008)
- Frequency of HLA I,II(A,B,DRB) in chronic Hepatitis B virus patients(2006-2007)
- Predictive value and cut off point of PPD in pulmonary tuberculosis patients in Arak(2007-2009)
- Trial due to recombinant hepatitis B (HB) vaccine in hemodialysis patients of 3 dialysis center of Imam Khomeini, Sina , Amiralam Hospitals (2005-2007)
- Frequency of of Hepatitis G (HGV) in Blood Donors in Tabriz (2005-2006)
- Frequency of of Hepatitis G (HGV) in Hemodialysis and peritoneal dialysis patients and dialysis ward staff in Imam Khomeini (2005-2006)
- Survey relation age of vaccinated infant (0, 2,6 months) and blood concentration of mercury (2005-2006)
- Frequency of YMDD mutation in chronic Hepatitis B patients (2005-2006)
- Frequency of proteinuria in HIV positive patient in behavior diseases consultant of Shaheed Beheshti Medical Sciences (2004-2005)

- Study relation of Antiretroviral drugs (include protease inhibitor) with Lipodistrophy in HIV positive patients in behavior diseases consultant of Shaheed Beheshti Medical Sciences (2004 -2005)
- Identification and detection of drug resistancy and genotyping of clinical strains of enterococci isolated from admitted patients in Tehran University Hospitals (2002 -2005)
